How it works

1 Set the baseline

We connect the accounts and document current rankings, traffic, and leads.

2 Improve each month

We update the profile, website, content, and local search signals in the selected plan.

3 Report clearly

You receive a short report showing what changed and what customers did.

Simple terms

- Month-to-month service; cancel before the next billing date.
- Google Ads, ad spend, and paid directory fees are not included.
- The client owns all Google accounts, data, and published content.
- Search rankings cannot be guaranteed, but all work and results are documented.
